Rose Barth
Spring Valley Signs

Client

Rick Perry

Selling Price

\$495

Don't crane your neck to see this handcarved and painted HDU sign in front of Rick Petry's house in Seabrook, a new Pacific Beach, WA development. Bob Burnett of Spring Valley Signs sculpted Sign Arts Products Corp.'s Sign•Foam 3 HDU with German hand chisels and applied 23k goldleaf to the incise-carved letters. Burnett fortified the HDU with laminated PVC sheets. Benjamin Moore exterior-grade latex paint serves as a basecoat, and Liquitex® artists' acrylics are used on the sculpture.

Burnett worked with Rose Barth on the design layout, which SA Intl.'s FlexiEXPERT software helped guide. Roland DGA Corporation's CAMM1 Pro plotter demarcated the mask.
